

FINAL RECOMMENDATION

Recommendation of the Action Plan Team: CORE Mission

State of Issue #: 15-22

Recommendation #: R-76 (Revised)

Summary: Products generated from site visits shall be integrated into current NFA course offerings to provide real-world scenarios for training purposes.

Recommendation: Gather critical lessons learned for inclusion in USFA publications, NFA classes, or other USFA-wide activities. Critical need to regain Regional Fire Representatives in each of the 10 regional offices.

Background: Highly desirable is the establishment of a USFA response capability that would allow FEMA's Federal Fire Programs personnel to respond to major events for the purposes of:

- on-scene observation allowing for documenting issues of utmost importance to the nation's fire, rescue, and emergency medical response communities, and
- emergency services support, if requested, as has been the case with events such as those that occurred in Oklahoma City, OK and at Columbine High in Littleton, CO.

1. Step(s) to Achieve: USFA COO will need to approve R-72 and R-77 before this recommendation can be finalized.
2. Estimated Timeframe: Not able to determined at this time
3. Estimated Cost: Not able to determined at this time
4. Outcome: Once R-72 and R-77 is approved, USFA will be able to integrated products generated from field visits into NFA course offerings to better provide real-world scenarios for training purposes.

Conclusion: The Core Mission Team support this requirement once R-72 and R-77 has been approved by the USFA, COO.
